

## Daisetsuzan Grand Traverse

Genshigahara to Aizankei Onsen Full Traverse (68km)

First day: August 8th, 2021 | Total days: 8-10

**Basic idea:** Commit as much as is reasonable to the full walk of the Daisetsuzan Range, from Genshigahara to Aizankei Onsen – the 'True' Grand Traverse. Starting on the 8th of August. Carry extra two days food, in case needing to sit out bad weather in a hut.

**Southern-end start:** Advantage is that it gets the big days with no bail-out options out of the way at the beginning. Can plan to start with good weather forecast for the first two or three days. Beyond that, we have options to shorten days according to the weather.
